Pune, Maharashtra | Est. 2020 | RCC, Infrastructure & Civil Engineering

About Us

- Gaikwad Constructions, established in 2020, is a professionally managed civil construction and engineering company committed to delivering high-quality construction solutions with precision, innovation and reliability.

- Our projects are executed under the guidance of qualified B.E. Civil Engineers and experienced technical professionals, alongside architects, structural consultants and highly skilled construction teams.

- We combine engineering knowledge, professional project management, smart execution methodologies and modern construction technologies to deliver durable, efficient and aesthetically finished projects.

- Our focus is not simply on constructing structures, but on delivering safe, technically sound, cost-effective, high-quality infrastructure that creates long-term value for our clients.

- Core Expertise - RCC | Infrastructure | Civil Engineering

- Team- Engineers | Architects | Consultants | Skilled Teams

Construction

- End-to-end civil construction with engineering-driven execution and quality control.
- From structural work to final finishing, we undertake construction with engineering expertise, systematic execution and quality-focused workmanship.
- Sub-services:
  - Excavation • Foundation • RCC Works • Masonry • Structural Works • Plastering • Flooring • Painting • Electrical & Plumbing Coordination

+91 820 801 0455 ashitosh@gaikwadconstructions.in

Interior

- Thoughtfully planned interior spaces combining functionality, material selection and visual appeal.
- We create functional and aesthetically refined interior spaces with attention to planning, materials, finishes and detailing.
- Sub-services:
    - Residential Interiors • Commercial Interiors • Space Planning • Material Selection • False Ceiling • Flooring • Finishing

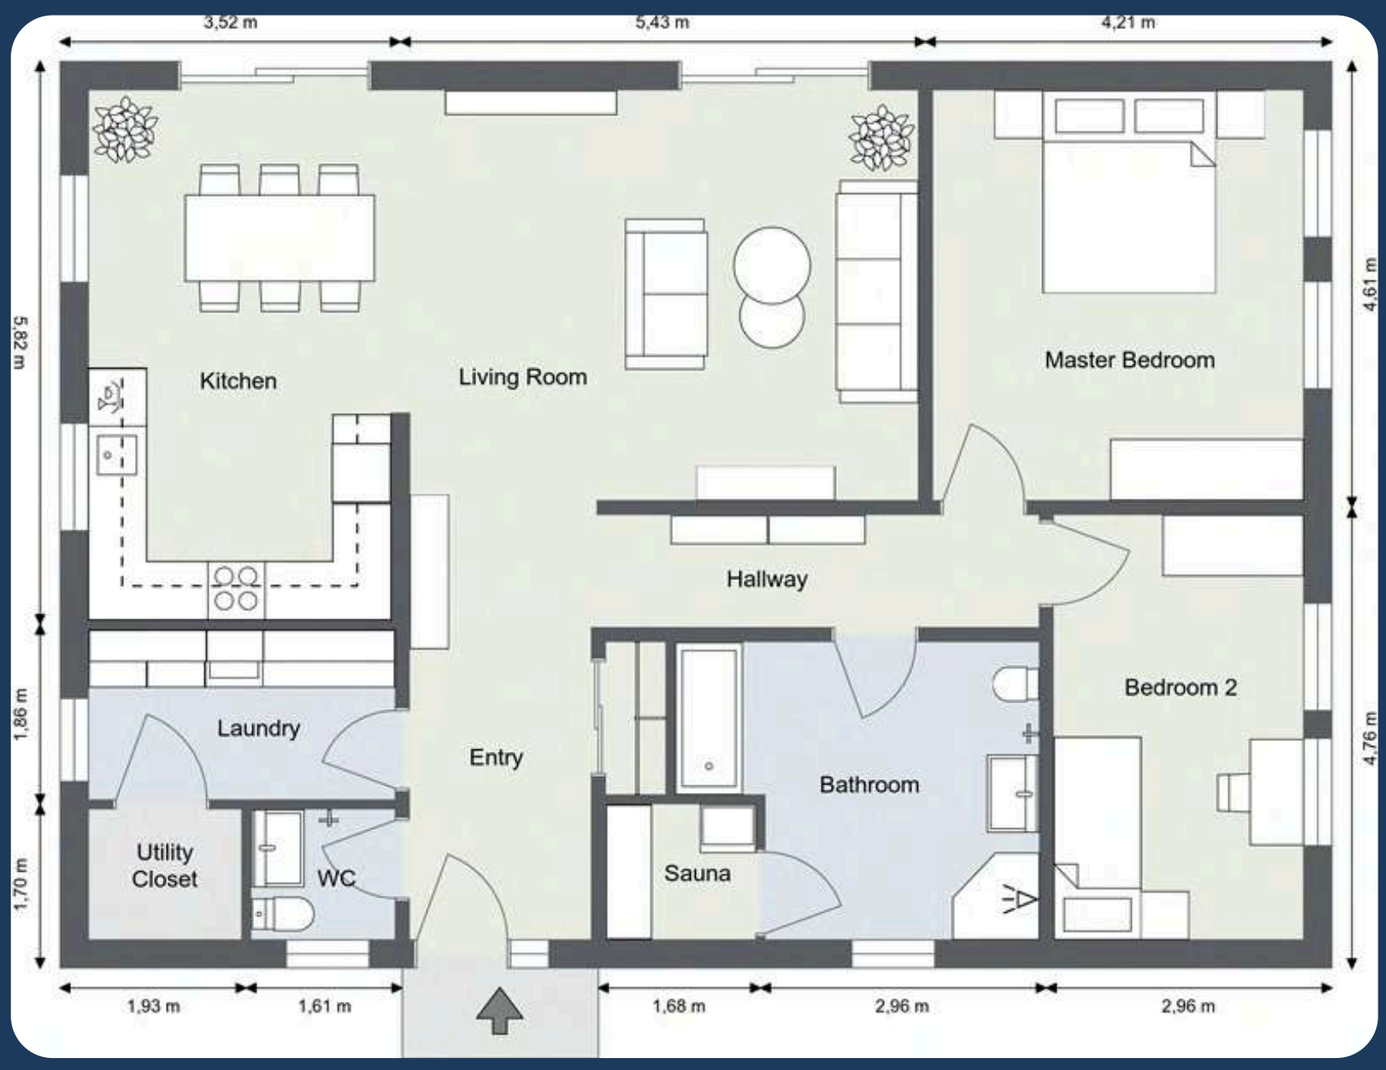

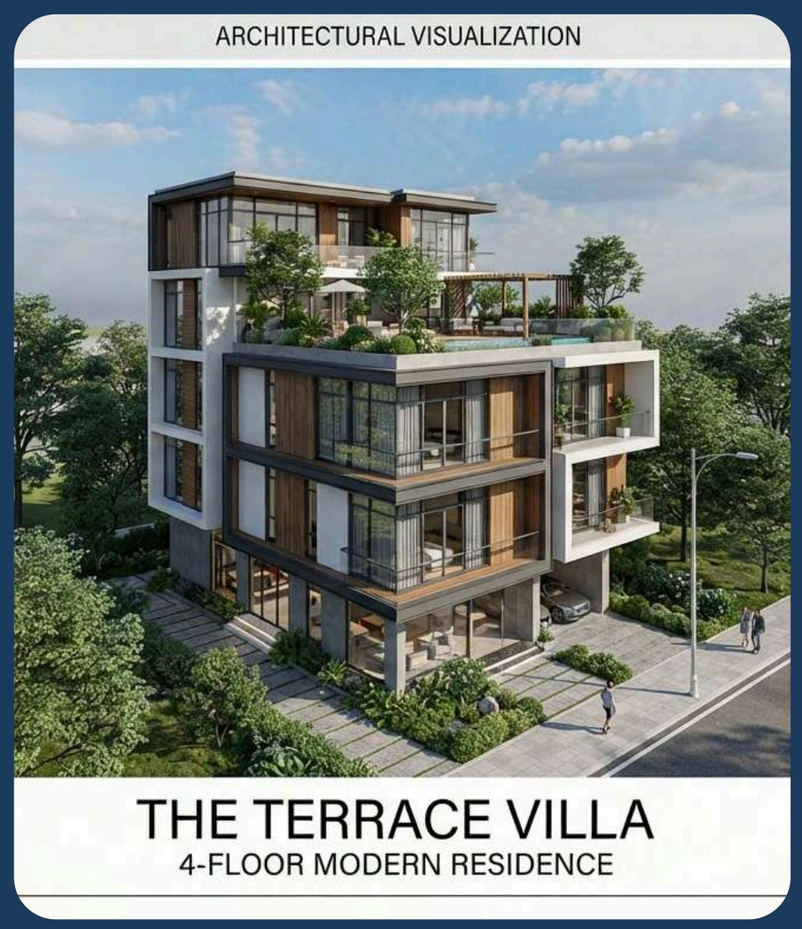

+91 820 801 0455 ashitosh@gaikwadconstructions.in

Architecture

- Planning, design coordination and architectural solutions focused on functionality and aesthetics.
- We provide practical and well-coordinated architectural solutions focused on functionality, aesthetics and efficient use of space.
- Sub-services:
    - Concept Planning • Architectural Design • 2D Drawings • 3D Visualization • Space Planning • Design Coordination

+91 820 801 0455 ashitosh@gaikwadconstructions.in

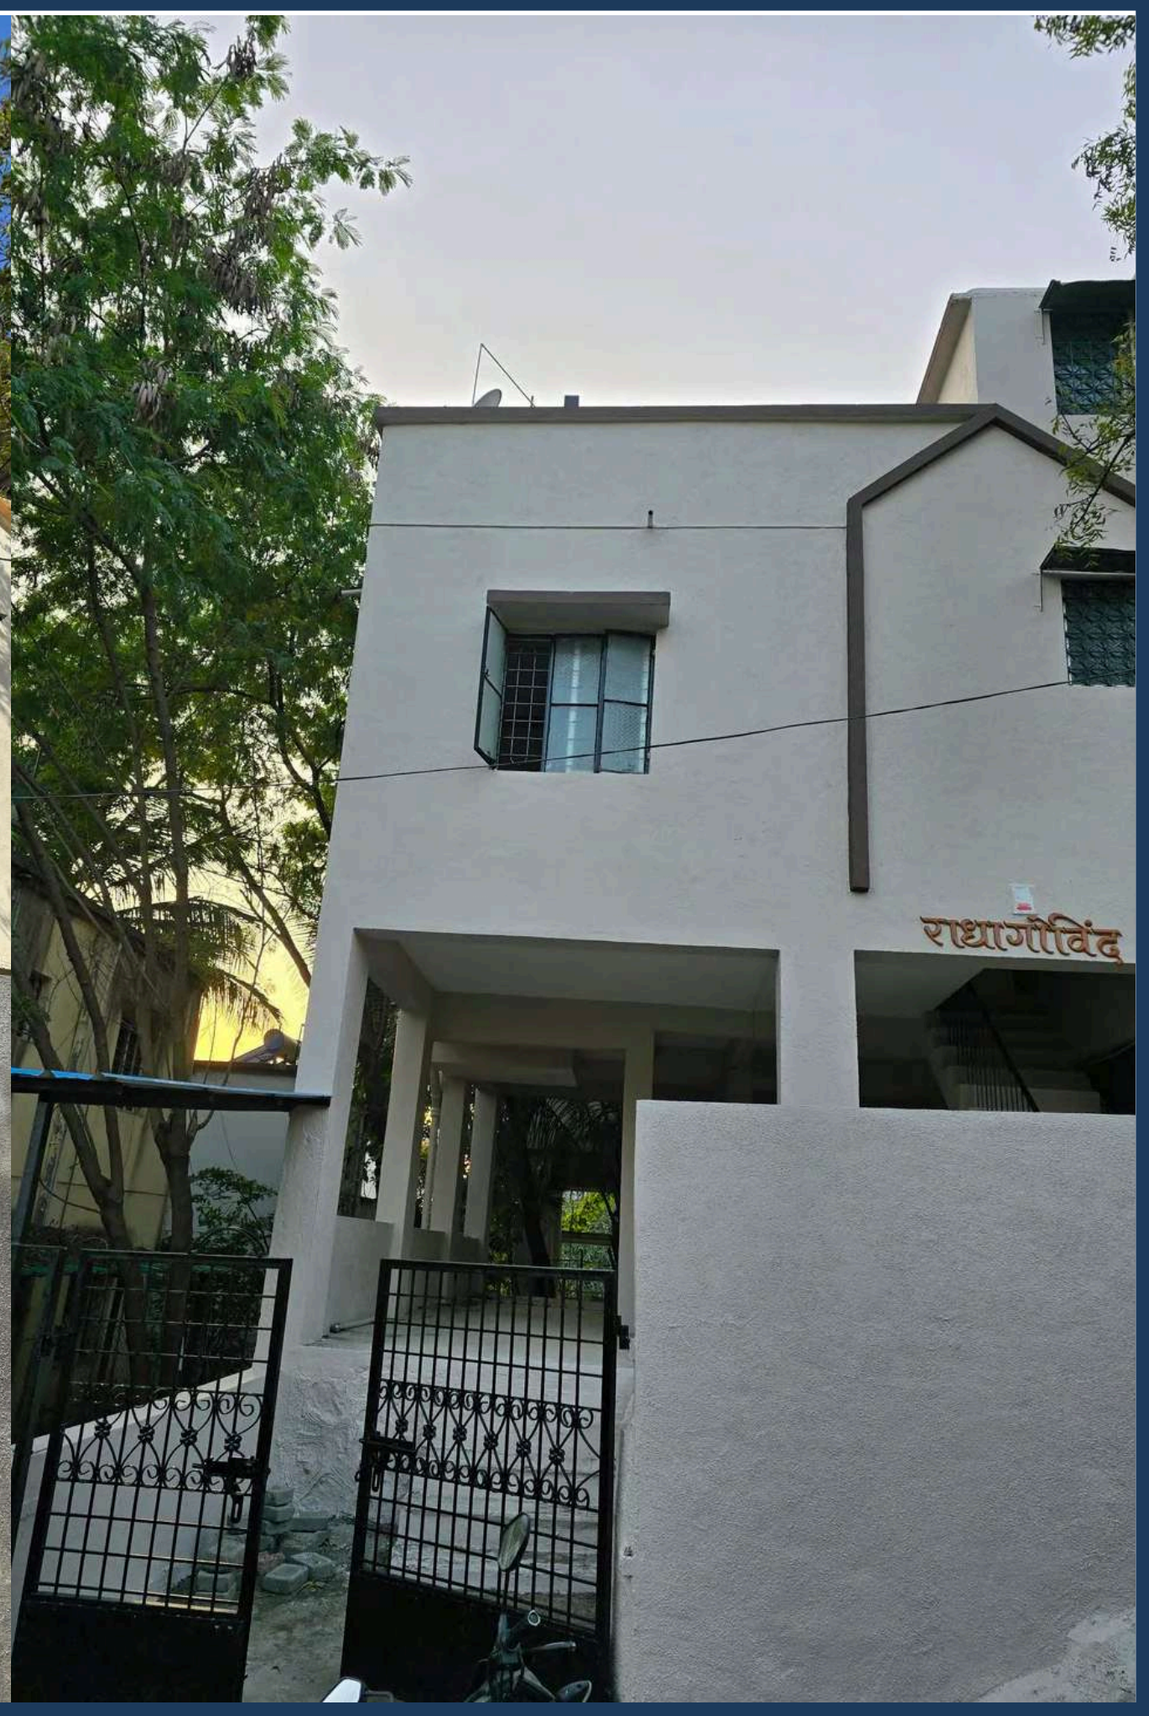

Renovation

- Transforming existing spaces with thoughtful planning and precise execution.
- We transform existing spaces through carefully planned renovation and modernization while maintaining structural and functional requirements.
- Sub-Services:
    - Structural Modifications • Repairs • Reconfiguration • Flooring • Painting • Kitchen & Bathroom • MEP

Our Projects

Project / Work	Location	Scope
36 Lakh Liter Water Tank	Bhugaon	Water tank construction
2 KM Retaining Wall	Bhugaon	Retaining wall construction
Underground Services	—	Utility laying & chamber construction
2 m Dia RCC Hume Pipe	—	Natural stream pipe laying
STP Construction	—	Sewage treatment plant civil works
RCC Natural Stream Works	—	2 m dia RCC pipe laying
Electrical Line Laying	—	Electrical infrastructure
Digital Hoarding Foundation	Mumbai Airport	Foundation construction — Adani Group
Foundation Pedestals	Mumbai International Airport	Foundation/pedestal construction
Pathway Construction	—	Pathway development
Trimix Road	Mulashi	Road construction

And More.. From large-scale water infrastructure to specialized airport and road works, our project experience reflects our capability across diverse civil engineering and construction requirements.

Why Choose Us?

- Engineering Expertise
  - Projects guided by qualified civil engineering and technical professionals.
- Quality-Focused Execution
  - Attention to materials, workmanship and construction standards.
- Professional Project Management
  - Structured planning, coordination and monitoring throughout execution.
- Transparent Communication
  - Clear communication with clients and project stakeholders.
- Timely Execution
  - Focused project planning and progress management.
- End-to-End Capability
  - Architecture, interiors, construction and renovation under one professional setup.

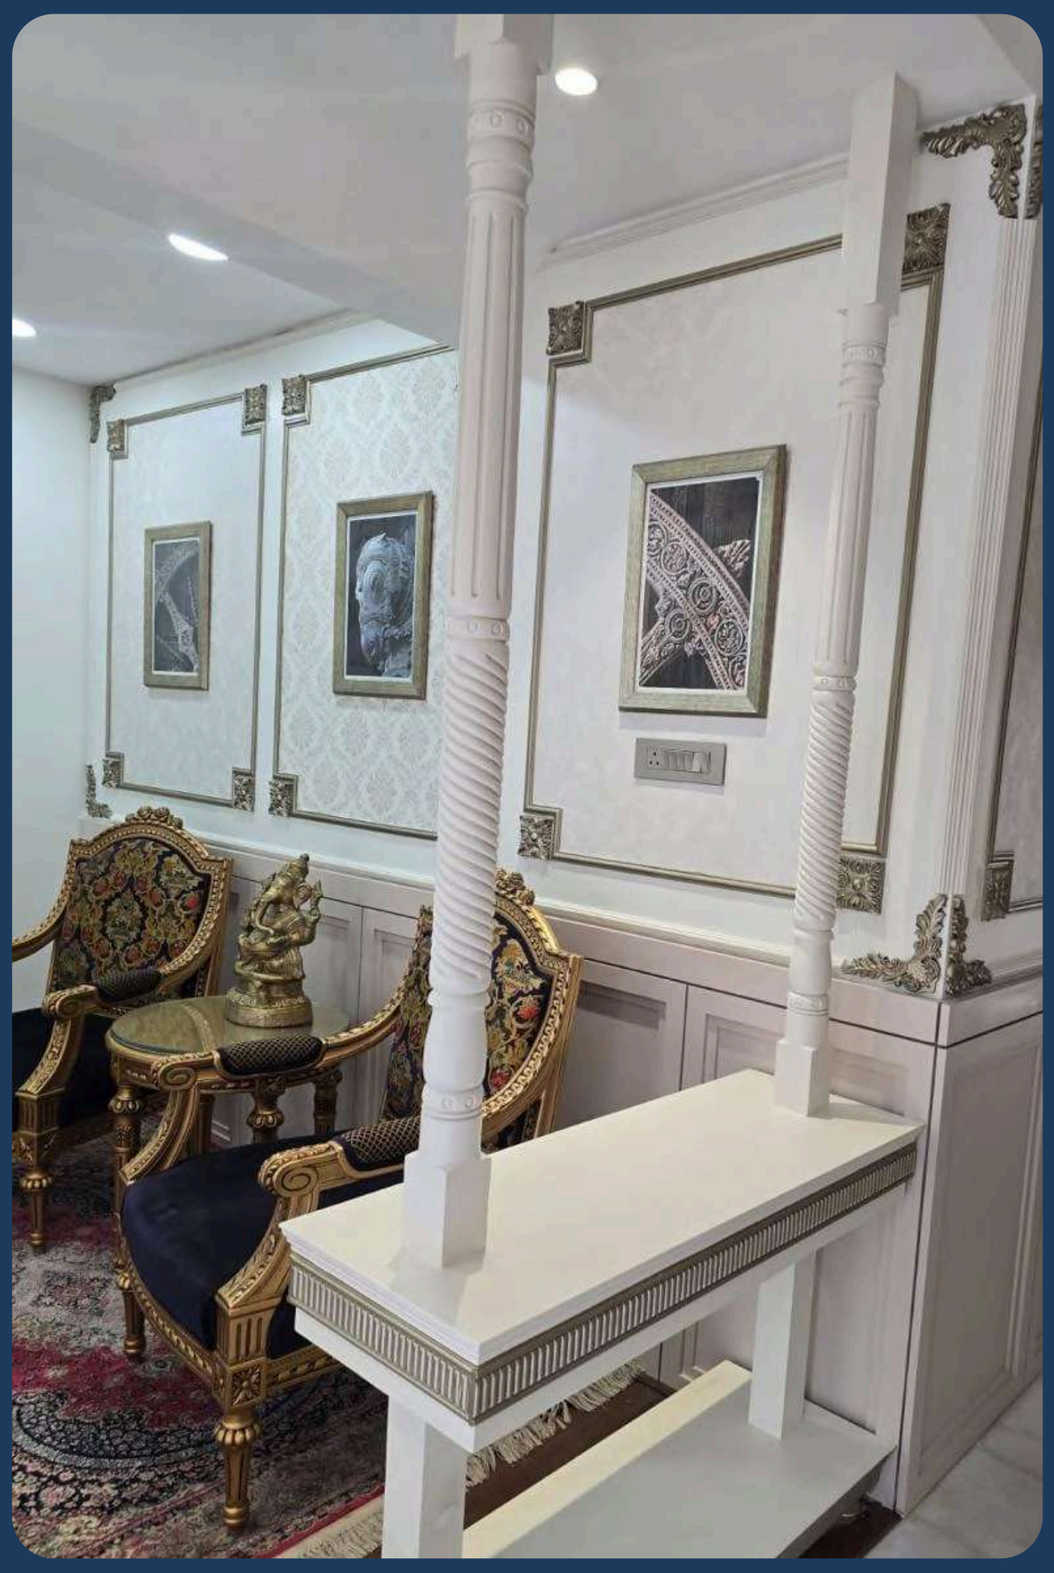

+91 820 801 0455 ashitosh@gaikwadconstructions.in

Our Commitment

- Quality Commitment
  - Focus on workmanship, materials and finishing.
- Safety Commitment
  - Emphasize safe working practices and responsible site management—assuming this reflects your actual procedures.
- Time Commitment
  - Planning and monitoring to achieve agreed project milestones.
- Client Commitment
  - Understanding requirements and maintaining communication throughout the project.
